Ref No.RFP/ITD/67/2018-19 dated 06-06-2018
REQUEST FOR PROPOSAL (RFP) FOR THE IMPLEMENTATION OF IMPS OUTWARD IN OGB

Odisha Gramya Bank, a Regional Rural Bank having its Head office at Gandamunda, PO: Khandagiri, Bhubaneswar, Odisha with 549 branches across 13 districts of Odisha state intends to implement Immediate Payment Service (IMPS) outward through its branch channel. IMPS switch shall support P2A, P2P, P2U, and P2M transaction as and when required by Bank.

The Bank invites closed bids from the eligible bidders with proven capability, to provide the IMPS solution in the Bank, interfacing with Bank's core banking solution, Finacle 7.0.18. The proposed solution should also work seamlessly with upgraded version of Finacle as and when required.

Eligibility:

The bidder should have implemented IMPS as remitter at least in any scheduled Bank in India. One certificate of implementation is to be produced by the bidder.

Scope of work:

- Presently only IMPS outward (P2A) through branch channel shall be implemented.
- The switch shall connect with Bank's Data Centre through MPLS or NLD links. IMPS switch will expose its services (not web services) to Bank and will provide option to integrate with Bank. CBS will call API and push transaction request to switch. Switch will initiate transaction. The communication should be based on ISO 8583 format using Connect 24 service of Finacle.
- The solution should be adhering to NPCI - IMPS technical specifications and procedural guidelines for all the IMPS products. The Bidder is required to make changes in the IMPS Solution including software, procedure and operations as required by regulators from time to time to comply with any new rules of Indian Law/ RBI/ IBA/ TRAI/ Govt. of India/NPCI guidelines and other Regulator body for IMPS Switch Solution.
- The solution should be adhering to NPCI IMPS technical specifications and procedural guidelines for all the IMPS products. The solution proposed should provide 99 % uptime.
- Immediate Payment Service (IMPS) solution should be capable of processing **10** TPS. The minimum transaction volume per month is projected at 25,000 and may go up to 4,00,000 during the contract period.
- The cost of 512 kbps connectivity including cross-connect charges shall be quoted by the bidder as per the commercial format.
- The bidders should quote for all line items as per the format. Bank at its sole discretion may ask the successful bidder to provide network connectivity at their quoted commercial.

Bid Submission:

The eligible bidders may submit their Technical Approach along with quotations of commercials in two separate sealed covers. The commercials must be quoted under three separate tables (Table 1, 2 and 3) as per the format given hereunder.

- 1) Network charges
- 2) Implementation and Certification Fee (One Time)
- 3) Transaction Fee

The prices quoted for both network and transaction fee shall be considered in the TCO of the bidder.
